Sir,

In reply to your letter No. 92 San. dated the 4th. July 1917 calling for proposals for posting a suitable officer to Mysore City as Health Officer, I have the honor to propose the name of Mr. J. V. Karve, M.B.,Ch.B.,D.P.H., for the place. He is an energetic officer and his sound, practical experience of public health work is a consideration that weighs in his selection for the post. But, in regard to the posting of this officer, it seems to me to be absolutely necessary that the change in the tenure of office should be accompanied by a recognition of his legitimate claim to be placed on the same footing as that of the lent officers placed in charge of similar work in the Bangalore City and on the Kolar Gold Fields. As in the case of Mr. J. V. Lascerenhas (vide Government order No. 1257-9 San. 73-15-6 dated the 12th. August 1916), he should temporarily be put in the grade of Health Officer on Rs. 250-50/2- 400 and should be entitled to draw the increment, as it falls due, so long as he continues to be the Health Officer of Mysore City. He should also be allowed to draw a

local allowance of Rs. 50/- per mensem similar to that sanctioned in Government order No. 974-6San. 117-15-4 dated the 31st. July 1913. The justification for these claims has been fully explained in each case and it is only necessary to add that the reasons advanced apply with equal force to the case of Mr. Karve.

2. In regard to the Mysore District, - I would suggest the posting of Mr. M. G. Srinivasa Reddy, L.M.S., B.S.Sc., 2nd. Assistant to the Director of the Public Health Institute. For filling up the vacancy in the Public Health Institute and for keeping a reserve officer for emergencies - I request that Government be moved to sanction the services of two Assistant Surgeons (to be nominated by me) being placed at the disposal of this department temporarily for a period not exceeding two years, within which time I hope to be able to secure duly qualified Sanitary Officers to replace them.
